# Safeguarding Policy Statement

ICLAIM is committed to ensuring ethical and safe practices are implemented throughout our initiatives, projects, events, and overall communication with members of the community. The specific statement highlights the additional measures taken to ensure that, in case minors are invited to our events, their safety and rights will be ensured accordingly.

This statement hereby reaffirms that ICLAIM:

- Acknowledges that children and minors have increased vulnerability to be taken into consideration when engaging them with extracurricular activities
- Ensures all children and minors' personal information is safeguarded according to GDPR regulations
- Ensures the education of children is not interrupted for their engagement in these workshops
- Confirms that the venue used for the workshops does not expose children to any risks of health or safety
- Takes all necessary measures to prevent children from being exposed to any hacking or other online risks

The above safeguarding measures and principles are applied to both face-to-face and online events.

For additional information, do not hesitate to contact us at [info@icclaimcentre.org](mailto:info@icclaimcentre.org).
